EDUCATION

Michigan State University | East Lansing, Michigan

Expected May 2026

- B.S. in Computer Science | B.A in Supply Chain Management
- GPA: 3.7, Dean's List: All Semesters

PROFESSIONAL EXPERIENCE

Ford Credit | Software Engineering Intern | Dearborn, MI

May 2024 – Aug 2024

- Led the development and deployment of critical Ford Credit website page using AEM and integrated Salesforce with REST APIs, delivering the project 30% ahead of schedule and demonstrating rapid learning, strong adaptability, and leadership.
- Facilitated weekly retrospectives with five cross-functional teams, managing 20+ tasks through Rally and successfully aligning engineering capabilities with product vision, resulting in a 15% improvement in system reliability and 6% error reduction.
- Improved inefficiencies in fragmented onboarding processes for 10+ Ford Credit interns by creating a centralized GitHub Pages site with comprehensive installation and usage guides, consolidating 15+ resources, and reducing onboarding time by 25%.

Ford Motor Company | Software Engineering Intern | Dearborn, MI

May 2023 – Aug 2023

- Collaborated with 10-member team to digitize Excel customer feedback form, leading to a 25% increase in feedback volume
- Engineered full-stack elements for feedback form, displaying skill in coding, problem-solving, and cross-functional collaboration.
- Employed Agile practices including test-driven development and refactoring to deliver over 100 monthly GitHub commits.
- Introduced Material-UI (MUI) library components in place of seven files of legacy CSS code, streamlining development process by omitting redundancies, promoting code reusability and maintainability, and accelerating development timeline.
- Collaborated with three product designers daily to maintain user-centric approach, going beyond job scope by conducting four user interviews and leveraging insights and bias detection, resulting in design changes for a more equitable experience.

Pink Sisters Inc. | Business Consultant | Novi, MI

Sept 2021 – June 2022

- Created brand kit, 10 Instagram posts, website, and social media engagement analysis for breast cancer nonprofit, leading to enhanced brand development and achieving 50% increase in followers on all social media platforms within two months.
- Performed in-depth analysis of existing promotional strategies, employing methodologies such as surveys, competitor assessment, and positioning maps to devise strategic recommendations and business plan, resulting in a 33% surge in donations.

building-U | Digital Marketing Intern | Remote

Jan 2021 – March 2022

- Crafted three engaging landing pages and display advertisements for an educational resources company, employing audience insights from Google Analytics to refine headings, descriptions, and graphics for increased conversion rates.
- Oversaw Google Ads and Analytics campaigns to track monthly 5% site traffic growth and over 2000 click-through rates.
- Facilitated biweekly brainstorming sessions with a team of 11 to identify 30 high-impact keywords for site traffic growth.

PROFESSIONAL AND LEADERSHIP DEVELOPMENT

Spectrum Consulting Group | Consultant and Client Acquisition Lead | East Lansing, MI

Sept 2022 – Present

- Conducted a campus-wide marketing research campaign for a national hotel chain, gathering and analyzing 3,000+ data points, and recommended three digital marketing strategies, resulting in enhanced clientele connectivity and hotel facility utilization.
- Worked with team of seven to develop 19 KPIs to simplify performance monitoring at multi-million-dollar utilities company and recommended three software platforms, balanced scorecard & OGSM frameworks, improving resource allocation.
- Researched and identified 10 prospective client companies as Client Acquisition Lead, leveraging local networking events to successfully meet and initiate contact with business leaders in the Lansing area to explore potential engagements.

Estée Lauder, Kode with Klossy | Top 5 Finalist and Scholar | Detroit, MI

June 2021 – Aug 2021

- Achieved Top 5 placement in Estée Lauder and Kode with Klossy web dev competition by creating a promotional website using HTML, CSS, JS, Canva, and Estée Lauder branding elements to advertise Estée Lauder's Double Wear Foundation.
